our journey learning

# Super Start

Our topic began in an unexpected way! We were exploring our Norfolk Lodge garden one afternoon when we saw something unusual peeping from under some greenery. We carefully picked up the mysterious item and found out that it was a special time capsule from many years ago...

# Super Start

We couldn't believe what we'd found! We discussed all the clues in our time capsules. We had to problem solve like Amber.

# Super Start

# Super Start

We went back to the classroom to think about what we wanted to learn about next. We decided that we needed to start by learning out all about the history of moving image and Disney!

# Topic: Rock around the Clock. : Autumn Term 2021

During our Enrichment Afternoon, we learnt how to create our own Stop frame animations inSpired by what we had found in our time capSule.
We used an app called iMotion!

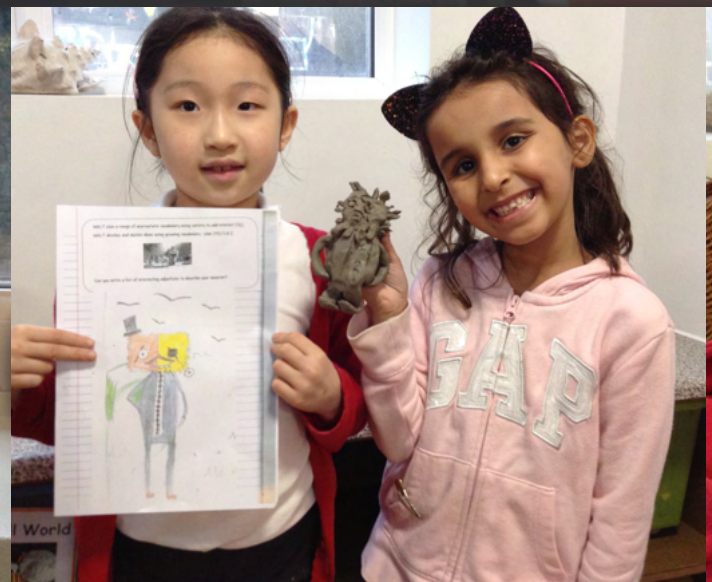

# Topic: Rock around the Clock. : Autumn Term 2021

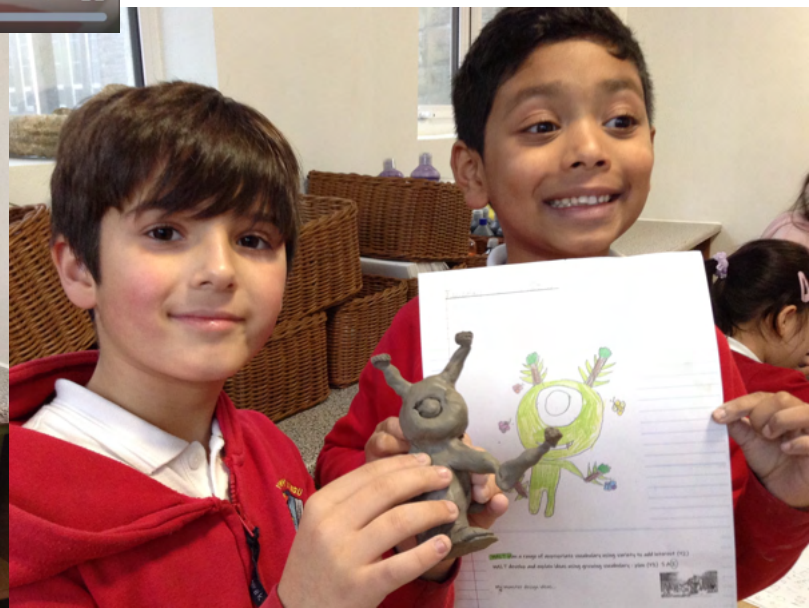

We created our very own imaginative monsters and pitched them to our friends.

# Marvelous Middle

Next, we received a poster asking for our help to celebrate 50 years. We decided to put on our own Disney Parade. We planned everything ourselves from the seating plan and tickets to the costumes and choreography.

# Fabulous Finish!

For our Fabulous Finish we decided to use our new skills to create our very own Christmas Animation called Ralph the Reindeer! We created illustrations, backgrounds, filmed our animation scenes, added music, recorded songs, added voice overs and finally put it altogether!
