Headteacher: Mrs. A. K. Evans B.Ed.(Hons)(Sp. Ed.)NPQH

Deputy Headteacher Mrs. B. James BA(Hons)

Dear parents and carers,

I just want to keep you updated on the situation in school regarding the Red Weather Warning.

Due to the extreme hot weather conditions currently being experienced, we would like to reassure parents and carers that the health, safety, and wellbeing of our pupils remain our highest priority.

As you know school is open today and we are taking all reasonable measures to keep children as comfortable as possible throughout the day. These measures include encouraging regular water breaks, providing access to shaded areas, reducing strenuous physical activity, and ensuring classrooms are well ventilated. However, despite the measures we are putting in place the temperature around the school is higher than yesterday. We are monitoring it closely and depending on the conditions in school today we may take the decision to close or partially close tomorrow, as the temperature is forecast to be even higher. Whatever decision is made we will let you as soon as possible.

However, we understand that some parents may have concerns about their child attending school today during these exceptionally high temperatures so if you would prefer to collect your child during the school day, please contact the school office.

Any absence related to parental concerns regarding the extreme weather conditions will be **authorised** and will **not be referred to the Education Welfare Officer (EWO) Service**.

Yours Sincerely

Alison Evans

Headteacher
